

SUZANO
PULP AND PAPER

Paperfect® Offset

A world-class, superior quality offset paper, due to a production process that is fully integrated and controlled in every detail, both in its choice of eucalyptus seedlings or in the production and careful finish. It has high whiteness, smoothness, opacity, brightness and body. It is ideal for printing books, agendas, notebooks, reports, brochures and posters among other applications that demand bright, vibrant and sharp colors.

Grammages: 56g/m², 60g/m², 63g/m², 70g/m², 75g/m², 80g/m², 90g/m² and 104g/m²

Available in: Reels, Reams and Skids

Paperfect® Laser

An alkaline reprographic paper, with high whiteness and excellent opacity, developed for use in copiers and laser and inkjet printers.

Grammages: 75g/m² and 90g/m²

Available in: Reels, Reams and Skids

Paperfect® Opaque

Paperfect® Opaque is our highest quality paper. Its remarkable smoothness and higher bulk provides excellent results for a wide range of printing applications. Combining attributes such as FSC® certification, a higher bulk, excellent fiber formation, smoothness, superior whiteness, and extraordinary opacity in one single product. Paperfect® Opaque provides an environmentally friendly and excellent finish for work that demands a premium presentation.

Grammages: 60g/m², 75g/m², 90g/m² and 104g/m²

Available in: Reels, Reams and Skids
